## EMERGING WINE REGIONS

We have created a wine list that is diverse, versatile, and eclectic that we hope will both enhance and compliment your dining experience with us.

At the Spa Hotel we are also seeking to push boundaries when it comes to our menus and with this we have added this new section “Emerging regions”.

Some of the most exciting wines nowadays are coming from up-and-coming “emerging wine regions” with their own signature varietals.

Countries such as Greece, Cyprus, Japan, India and the UK are taking the wine scene by storm.

Greece is making some of the world’s most exciting, individualistic wines and producers such as Gaia and Gerovassiliou are certainly leading the way in this. Indian producers, Sula and Fratelli are spearheading the Indian wine revolution. Whilst interest in Koshu wines from Grace winery in Japan has escalated in the last few years. There are also some fantastic wines coming from Croatia and Cyprus, which has been kick-started by a small core of energetic artisan producers. Nearer to home, two of England’s top wine estates; Goring Brut and New Hall Vineyards in Essex are producing some stunning sparkling and still wines.

The selection of wines featured below has been carefully selected to offer you something original and exciting and enhance your wine experience.

Please note that all draught & bottled Beers & Lagers contain Gluten and ALL wines & ciders sold on the bar contain Sulphites. If you require further information please ask a team member for assistance.
